

# #OneQualityVoice

Quality is at the heart of our company

**Trust** is our highest asset. Patients, families, doctors, pharmacists and health authorities trust in the medicines we produce.

**Commitment** to continuously improve is in our DNA. Working to be better at what we do everyday helps us to eliminate waste, improve our service and deliver our quality promises.

**Responsibility** for quality is with every single person in our company. We all have a responsibility to Do It Right.

**Sustainability** and **Growth** comes from providing our patients and partners with consistent high-quality and affordable products – on time, every time.

To Us: Quality is Everybody's Responsibility.  
**#EveryStepCounts**
